Whiskeytown Lake, Our Clean, Clear Water Source!

Whiskeytown Lake's crystal-clear water is perhaps the most recognized feature of the park. However, water-based recreation is only a part of what the 42,000-acre Whiskeytown National Recreation Area (NRA) has to offer. Visit waterfalls, hike through rugged mountains, explore California Gold Rush history, and observe post-fire ecology in action. Your national park is calling...

Beaches and Swimming

Most visitors to Whiskeytown come for the boating, swimming, wading, and scuba diving. Beaches are located at Oak Bottom, Brandy Creek and East Beach. Swim at your own risk in these areas. Know your limits and never swim alone. Watch children closely in and near water. Pets are **not** allowed on the swim beaches, adjacent picnic areas and grounds or within the swim area buoys at Oak Bottom, Brandy Creek, East Beach or the Whiskey Creek Group Picnic Area.

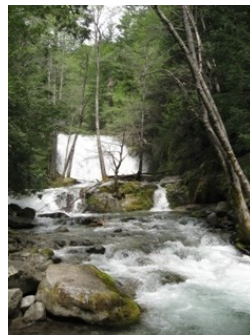

Rentals

No boat? No Problem! Whiskeytown rents out luxury fishing boats, pontoon boats, ski boats and party barges. Need equipment... they rent tubes, skis and wakeboards.

Kayaks are the latest craze and Whiskeytown has them. Brandy Creek and Oak Bottom both rent kayaks, double kayaks and paddle boards.

Waterfalls

One of the widely recognized "best waterfalls in Northern California" is right here in your back yard...Whiskeytown Falls! Take a day to see all of the falls: Brandy Creek Falls, Boulder Creek Falls and Crystal Creek Falls.
