### Board of Director's Meeting: January 15, 2020

#### RESERVE POLICY

The Board of Directors adopted Resolution 2020-01 establishing a Reserve Policy. The policy will provide improved guidance related to reserve planning and financial goal setting, as well as establish the necessary funds for short-term and long-term goals.

## AC Pipe Testing

Operator staff has taken another sample of the District's AC pipe along Placer Road just west of Texas Springs. The remaining three sites are being planned to occur in the near future. The District will be testing a total of six samples in different soil types within Centerville to evaluate the AC pipe's current condition as well as better forecast its remaining useful service life. This information will be helpful in planning for future pipeline rehabilitations and replacements.

In order to obtain the AC Pipe sample, water must be shut off in the area of the extraction. Please call the District Office to make sure we have your current contact information on file to ensure you do not miss a notification of any nature.

## Income Survey

By now, you should have received the Income Survey sent out by the Rural Community Assistance Corporation (RCAC).

Please help the District and your community obtain the best possible funding from Federal and State funding agencies by completing and returning the survey form so that needed improvements can be made in the future.

## CONTACT US

## EMERGENCY CONTACT INFORMATION:

In order to better serve you, we would like to verify that the emergency contact information we have on file is correct. Please take a moment to contact the District Office to make certain we have your most current contact information on file. **Help us, help you!**
